**RESPONSE TO ELECTION REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the species election requirement set forth in the Office Action mailed January 9, 2006, Applicants hereby elect Species I, claims 1-26, and 29-35 drawn to Figure 8B. In addition, the Applicants respectfully request reconsideration of the Examiner's Election Requirement, at least with respect to Species III and IV. In particular, the Applicants note that full consideration and examination of elected Species I would necessarily encompass the invention of Species III and IV. For instance, dependent claims 6, 8 and 9 of the elected Species I recite creating a product header that is associated with the product, this feature being the basis for the claims of non-elected Species III and Species IV. Correspondingly, because Species III and IV can be examined together with Species I without serious burden to the Examiner, the Applicants request examination of these species as well.

Of course, Applicants reserve the right to file one or more divisional applications directed to the non-elected embodiments/inventions in the event that no generic claim is allowed.

Prompt examination of the application is respectfully requested.

Respectfully submitted,
